

USD506 Labette  
County Schools

Device Check Out Permission Form

**The device that your child is being issued is an educational tool and should be used in that capacity. Failure to comply with the Acceptable Use Policy and Google Apps Permission Form (signed at enrollment) will result in loss of take-home privileges.**

Before a student is granted permission to take their assigned technology device home, his/her parent or guardian must sign this permission form.

Before the technology is assigned to a student, the parent or guardian must assume financial responsibility for the equipment by signing this form. The replacement cost of the technology can vary but will not exceed the cost to replace the entire device if that is what is needed.

If the technology has a failure of an internal part, it is covered by a warranty and will be repaired at no cost. **If the technology assigned to your child is lost, stolen or damaged through negligence, vandalism, or failure to follow the proper care guidelines, then you are responsible for the cost of repair or replacement.**

The technology being checked out must be returned at the end of the school year. If the technology is not returned in a reasonable time after that date you will be responsible for the replacement cost of the device.

All technology is the property of Labette County Schools. USD 506 reserves the right to demand the immediate return of the equipment at any time. The technology should only be used by the student shown on this form and in a way that adheres to the guidelines of the Acceptable Use Policy.

**I agree to the guidelines and procedures outlined on this form and agree to take full responsibility (including financial) for the device.**
