## *Banquet Update* Vintage Farmhouse

Students started working on their placemats for banquet. This design is drawn by each student and then voted on by the 8<sup>th</sup> grade class. The winner gets lunch from the Woodshed. We are very excited to decorate for this

theme. We are in need of items that go with the theme. If you have an item that you think would work, please contact Mrs. Carrico.

Thank you.

## *Valentine's Day Party*

Treats – Rachael Ehmke, Macy Clevenger, & Jasmine Wolf

Cups/Plates/Napkins – Sarah Tidwell     Drinks – Abigail Spencer

We do not exchange Valentine's. Please do not send items to exchange.

## *Congratulations!!*

### 7<sup>th</sup> Graders Compete in Events

The 7<sup>th</sup> graders have been busy lately competing in various school sponsored events. The Basketball students have been in the tournaments. They worked hard this season and we are proud of them.

There are many opportunities for your child to get involved; Quiz Bowl, Weight Lifting, Jazz Band, and Track are all coming up. Encourage your child to get involved.

## *In Class....*

**Reading** - We are reading *Across Five Aprils* to enhance our History. We are close reading short literature passages. We are focusing on figurative language, characters, and plot structure.

**Science** - Students are learning about Meiosis and the inheritance of traits. We will be learning how to complete Punnet Squares and predict the outcomes of combining traits from the mother and father. FUN STUFF!!!

**Social Studies** - Students have been learning about the beginnings of Kansas as well as its first inhabitants. We will be doing a diorama that goes along with our current chapter.

**Math** – Students are working on Percents. This has been done by practicing making our proportions that go along with our percent problems. Proportions, ratios, and percents have a direct relationship and seeing this will help students grasp the concept.
