

# Mrs. Heflin's 5th Grade News

## We are learning:

**Language Arts:** We will start the month of April taking the Kansas State Reading Assessment. We will also work through a trade book called Time Marches On, and then we will focus on a set of stories that are historical.

**Math:** For the month of April, we will be working on converting measurements and reviewing everything we have learned this year. After Assessments, we will work deeper with decimals and learning some lifelong money skills.

**Science:** We are spending time every week in the STEAM lab while working through physical science. We will work with states of matter and both physical and chemical changes.

**Social Studies:** Geography is our main focus this month. We will also be focusing on early Americans and our country being established.

## Important Reminders

- April 2-3-- Reading Assessments
- April 8-- Music Program @ 6:00
- April 8-9-- Science Assessment
- April 11-12-- Math Assessment
- April 15--Field Trip to Greenbush Ropes Course
