4th Grade Newsletter

This month our class will start the Pizza Hut Book It program. The goal of this program is to encourage kids to find the joy in reading. The monthly goal for each child is to read for 20 minutes at least 18 days of the month at home. If they read for 40 minutes one day, that can count for two of their 18 days, 60 minutes = 3 days, etc. When they turn in their completed log (these will be sent home at the beginning of every month October through March), they will get a coupon for a free personal pan pizza from Pizza Hut! If they would rather pick a piece of candy instead, that is another option.

We have recently started chapter 3 in our Big Ideas math book. This chapter focuses on multiplying by one-digit numbers. We will work on finding products, rounding to estimate products, and solving problems using equations.
