

November

**Science** – We are currently in our Heat and Temperature unit. The students are enjoying all the labs that we are doing with this unit. We should have it wrapped up and ready to test sometime next week.

## News and Information

### Orientation

We will be traveling to the high school on the afternoon of Wednesday, November 17th to listen to a presentation on social media safety.

**Math** – Eighth graders will continue their study of Geometry and learn to construct shapes and angles.

### CPR

The 8th graders will have CPR training at Edna on Friday, November 19th.

**Social Studies** – We are working through a United States geography and maps unit.

**Novels** – Our 4th novel is due Friday, November 19th. Please encourage your child not to procrastinate on finding and reading a book.

**Language Arts** – We are currently reading the novel, Freak the Mighty. We will be analyzing the characters in this book and how they develop and change throughout the story.
