

Block The Door Food Drive

We will be gathering nonperishable food items to donate to local needy families. **We do this in place of a gift exchange.** This event teaches our children the importance of helping others in need. If you would like to help, please send new, unopened items such as canned goods; nonperishable foods such as cereal, instant potatoes, spaghetti; personal hygiene items such as soap, toothpaste, shampoo, and conditioner; or laundry items such as detergent. Also, make sure they are not expired dates, as we can't pass those on to our families. Please send these to the school by December 17, 2021. Thanks!!!!

Curriculum

Science – 6th Grade just finished up Weathering and Erosion and will be starting the Rock Cycle later this week.

Social Studies – We started a new unit on Mesopotamia this week with a group activity where the students will develop laws, create a written language they use to barter for items needed to construct a secret invention. It will help them understand the importance of government, cities, social classes, religion, specialized labor, writing, art, and public works of the ancient civilization.

Reading -6th - We are currently reading Christmas-themed short stories focusing on characterization and literary devices. Novel #5 is due Dec. 17th.

Math -6th Grade - Sixth grade continues to work on the Ratios and Rates units. We will be studying converting units of measure in the next few lessons. There will be a test toward the end of next week.

Student of the Month

Hunter Myers
