

Brand Standards Guide

LABETTE COUNTY SCHOOLS DISTRICT LOGO

The Labette County Schools brand is made up of core elements—the name, logo, and colors—that work together to communicate the intended brand vision and personality to employees, brand affiliates, and the public at large. It is important that these core elements remain consistent throughout all communication to create unity.

THE FULL LOGOTYPE

A logo is the visual representation of a brand and is meant to capture and evoke the overall brand essence. To create a solid brand image, it is important that the logo be used consistently across all communication materials.

USD 506 PRIMARY LOGOS

INCORRECT LOGO USAGE

To maintain the integrity of the Labette County Schools brand, it is essential that the logo be used consistently and correctly. Correct usage will ensure that the brand stakeholders and public at large experience a clear representation of the brand through all communication materials. This page illustrates some of the common incorrect, non-approved logo variations and usages.

SCHOOL DISTRICT FONTS AND TYPOGRAPHY

Consistent use of brand typography helps establish a unique USD 506 “look” that greatly increases recognizability and memorability of the brand. Three typographic families have been selected for the Labette County School brand: Source Sans Pro, Poppins, and Arial. Source Sans Pro should be used for headlines, subheads, and other display text. Design decisions regarding color selection, type size, leading, and formatting should follow the communication materials already produced. Arial should be used primarily as body copy, captions, and digital/web applications, as well as for web applications.

WEB-SAFE TYPOGRAPHIC STANDARDS

In order to ensure that the Labette County Schools brand will be consistently represented across various electronic platforms, the Source Sans Pro, Arial and Poppins font families have been specified as the primary web-safe font. Use these fonts in the implementation of any Labette County Schools branded electronic materials.

LETTERHEAD AND BUSINESS CARDS

In order to maintain the brand standard, it is crucial that brand fonts, colors, and other elements be used consistently across all printed correspondence. A letterhead template has been developed that sets the formatting style for margins, fonts, colors, line spacing, and other brand elements that should be used when developing a printed document. An example of this template and the business card template is pictured here. These templates should be used for all correspondence intended to be printed on the Labette County Schools branded letterhead and business cards. Arial is only to be used in the body copy of the letterhead. This is to ensure consistency as everyone has access to this font.
