

Happy New Year

It is hard to believe that we have already completed our first semester of school. Time sure flies when you are having fun.. I have enjoyed getting to know your students and I am looking forward to our second semester together.

Student of the Month Brynlee Barnes

Curriculum

Social Studies – We are continuing our unit on Mesopotamia. We will be learning about their social classes, economics, religion, and achievements over the next week or two.

Science – We have started a new unit and book over Earth's surface. We are currently learning about erosion, weathering and deposition.

Novel Study - - We are starting The Golden Goblet. This is about a boy struggling to make his own way in ancient Egypt.

Math -The 6th graders are working on Algebraic Expressions, Properties, and Equations. Their mathematical skills continue to improve and I am very proud of their hard work.

Reading - We are working through short stories and articles from the Story Works Scholastic magazine. The first story we are going to read is about tornadoes.
