

7th grade

NEWSLETTER

March 2023

SCIENCE -

7th Grade will be starting a new unit this week, Relationships in Ecosystems. They will learn about parts of an Ecosystem, Resource availability in Ecosystems, and Patterns of interaction.

ELA -

We are currently reading the novel, The Giver. We are focusing on making predictions, inferencing, and character dynamics.

MATH -

We just finished our unit on Probability. We will be starting our unit on Data and Statistics. The kids will study graphs, charts, and other data displays.

Novel -

We will finish our novel, Steal Away Home, before spring break.

Field Trips -

We will travel to CCC on Tuesday, March 7th.

We will have our cue party on Thursday, March 9th.
