EASTER PARTIES

Our last class party will be held next Thursday. Since our students have a track meet the same day, we will have a "breakfast" party. The following students are
Treats - Addi, Zane, Isaac, Taliyah
Table Service - Kaylin
Drinks - Vinny
As always, if you wish to send and you are not on the list, the kids are always thankful for treats.
Thank you for helping make our classroom parties a success this year.

BANQUET

We are beginning to gather items for our banquet. Seventh graders work so hard to make it a huge success for the 8th graders and this class is no exception. Students have great ideas and we will be getting started on them as soon as possible.
Please return the reservation and dessert note as soon as possible so that I can get a count on how many additional ones that I will need. Also, 7th grade students have asked what to wear. I told them that they need to wear something nice that they may wear to church or out to a nice dinner with your family. No shorts as it is a banquet and girls dresses must have straps if they wear a dress. Student dress must follow dress code.

STATE ASSESSMENTS

Social Studies State Assessment - The SS State Assessment is a project based assessment. Students started researching their WWII Era idea today. They will need a project board (a tri-board) sometime next week to start organizing their information on. Please ask your child what they are researching and check in with them periodically over the next three weeks to see what they decide.
ELA - Tests are scheduled for Wednesday, 4/19, and Thursday, 4/20.
Math - Tests are scheduled for Thursday, 4/20, and Friday, 4/21.

SCIENCE — ENGLISH LANGUAGE ARTS — MATH

Science - 7th grade is wrapping up their Ecology unit this week. We will have a test on Wednesday and then we will be starting our last book - Diversity of Living Things to finish up the year.

ELA - Students are studying for their state assessments and reading the novel, The Outsiders.

Math - Students are working on their Geometric Shapes and Angles unit and then we will wrap up with the Surface Area and Volume unit. We will take state assessments on April 20th and 21st. Then, we will start on some 8th grade prep work for next year.
