

Kindergarten News

- Our Easter party was great! We played some Easter games earlier in the day. Then, had fun hunting for 14 eggs. Thanks for all the parents that sent eggs, candy, and goodies for the party. Tamara Blood did a wonderful job of organizing all the parties this year. I want to give her a big thank you!
- The Kindergarten Round Up is scheduled for Friday, April 12th. There will be a guest teacher in my class for the afternoon.
- All summer school forms that came out at conference time need to be filled out and turned in this week, so plans can be made for staffing.
- The girls in the class are responsible for bringing a snack this month for the whole class. You may send them at any time. We do have 27 kids. Our newest student is Alice Marquess. We would like to welcome her to Edna.
- In math, we are finishing up our work on subtraction. Then, continue to practice hard on numbers 0-100. We are focusing on recognizing, writing, and counting. Next, we will get busy learning about 2-D shapes. We should be able to name, describe, draw, and create all five shapes taught (circle, square, triangle, rectangle, and hexagon).

- Some of the reading skills we are working on, are reading three to five letter words along with nonsense words. Also, reviewing all 40 pre-primer sight words and learning the primer list, reading comprehension with more retelling, and rhyming (recognize and produce). The class is very busy reading lots of leveled books for reading practice and to help with fluency.
- I will be sending home this week, our second sight word book in pocket 1 of our folders. It will need to be read every night just like our other one.
- Grammar has been a focus as we do sentence building and writing activities.
- This month we are working on spring weather for part of our science and reading assignments. We will be doing several class experiments to go along with this topic.
- We want to finish the year strong and be ready for first grade. Our class will continue to work hard on all old/new skills, and extra hard on any skills that were marked (N) for needs improvement on our grade cards.

Have a wonderful week!!!
